

Preschool Camp Discovery Themes

6/23-6/27 The Summer Olympics 2014

The children will learn about the different countries around the world that participate in the Olympics. We will participate in different types of sports that take place in the Olympics and will involve the children with many team building activities.

6/30-7/4 America The Beautiful

We will celebrate all of the wonderful traditions that America has. The children will enjoy preparing for a special parade around our school. As we celebrate our nation's birthday we will learn about our country from sea to shining sea. We will also experience the wonderful diversity of America's land and people.

7/7-7/11 All Aboard

We will explore trains all around the world.

7/14-7/18 Thinking and Exploring Like Scientists

We will explore all different types of science. We will conduct various science experiments throughout the week. Every camper will receive a take home packet of experiments to try at home.

7/21-7/25 All about Bugs

We will head off on scavenger hunts and use magnifying glasses to get a closer look at the amazing insects all around us. The children will have the opportunity to explore the life cycles of many insects that help our environment and learn how insects are helpers in our gardens.

7/28-8/1 Exploring Lakes, Ponds, and the Ocean

We see animals around us everyday, but what lurks beneath the water's surface? This week we will take a special look at the water that surrounds us from ponds, lakes, to oceans. We will explore the animals' homes.

8/4-8/8 Let's Build!

We will explore and create all different types of architecture.

8/11-8/15 Inspiring Artists

We will let their imaginations lead the way as they find the artist within. Each day we will explore a different artist and try a different art form.

8/18-8/22 A Week in the Life of a Paleontologist

We will travel back in time to learn about dinosaurs and Ice Age Creatures.
